Chambéry, France

2021 – 2024

WORK & LEADERSHIP EXPERIENCE

CNP ASSURANCES LUXEMBOURG

Investment Officer Intern – Investments & Treasury

Luxembourg City, Luxembourg

September 2025 – December 2025

- Monitored 250+ structured products, including EMTNs, across multi-asset portfolios, tracking coupons, redemptions and other lifecycle events.
- Reviewed EMTNs and private equity funds against internal eligibility, product governance and Solvency II criteria, while assessing the credit quality of prospective issuers and custodians.
- Supported daily cash and liquidity management, including FX, private assets and capital calls.
- Developed VBA tools to automate EMTN settlement and structured product lifecycle monitoring, reducing settlement processing time by 35% and reporting preparation time by 40%.

CACEIS

Client Relationship Manager & Sales Assistant Intern

Paris, France

February 2025 – August 2025

- Supported the commercial coverage of three major institutional asset managers, including the team's largest client relationship, across FX, listed derivatives, repo, securities lending and asset servicing.
- Built weekly dashboards tracking 75+ KPIs, including trade flows, revenues and profitability, used by relationship managers to support client discussions and senior management reporting.
- Prepared client-facing materials and pricing reviews, coordinating with product and execution teams ahead of institutional client meetings.
- Produced FX and equity derivatives analyses, including volatility skews and option strategy payoffs, to support institutional sales discussions.
